## Softline's packaging requirements ([Walmart.com](http://Walmart.com))

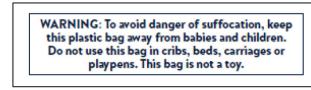

The following section outlines Softline's packaging requirements for Walmart.com. Make sure to follow these requirements carefully.

### General requirements

- All merchandise must be pre-folded.
- No hangers, pins, or paper should be used.
- All merchandise (excluding shoes) requires hangtags.
- Merchandise must be packed as one size/one color per case. **Assorted cases cannot be received and may result in a charge-back.**
- Full case weight must be less than or equal to 70 lbs. Vendor pack case dimensions should be less than or equal to 29.75" x 15.75" x 11.75"

### For all Softline's (except rugs/mats and mattresses)

- The front of the poly bag should be marked with a UPC-A sticker at the bottom right (see inner packaging example on this page).
- The total length and width of the poly bag determines the font size for the warning.
- If all labeling text is in English, the suffocation warning is only required in English. However, if any labeling text (warning, quantity statements, declarations of responsible party, etc.) is translated, all regulatory information including the suffocation warning must be translated.
- The below warning should be printed on the back side of the poly bag in black letters:

The type sizes below will satisfy all four state requirements.	
Total length and width of bag (added together)	Size of print
60 inches or more	at least 24 point
40 to 59 inches	at least 18 point
25 to 39 inches	at least 14 point
Less than 25 inches	at least 10 point

### Apparel

- Walmart.com apparel items must have hangtags. The hangtag information should be visible after the item is bagged.
- The tag must contain the UPC-A in both numeral and barcode format.
- It should contain the item description in either long or short format and the apparel unit size.
- The size of the tag does not matter, but it must be a minimum size to supply the information required.
- Your Walmart.com buyer may have additional hangtag requirements.
- The recommended maximum dimensions of an apparel item when folded are 20" x 14" x 2".
- All merchandise excluding shoes must be bagged as individual selling units in sealed, clear poly bags.
- Poly bag packs will always be ONE. Do not put more than one selling unit in a single poly bag

**NOTE: (From: Thomas Wolfe Sent: 6/7/2017 @ 1:29pm). \*\*WM.COM has agreed to allow us to increase the maximum allowed fold size to 20" X 16.5".** Mindy Yuen reached out to the WM.COM team and advised the difficulties with the folding and requested authorization to increase maximum dimensions. \*\*

- When ordering polybag, Factory needs to mark on booking clearly that the polybag should not have any white powder appear (Polybag supplier must not add the powder material which makes the polybag open easily).

Walmart Technical Services Team

## Supplier Bulletin

Walmart RN number for Private Brand Apparel

**ATTENTION:** All Private Brand apparel suppliers, Product Development, CTL, BV, Quality Assurance, Packaging, and Technical Services.

**DATE:** 3.24.2017

**SUBJECT:** All Walmart Private Brand apparel, both direct import and domestic, must use **RN 52469** on all labeling. Supplier's RN numbers must no longer be used on Private Brand apparel.

**EFFECTIVE DATE:** **Supplier-** you have 120 days to use existing stock of labels and to revise artwork and start using **RN 52469**.

**ACTION REQUIRED:**

**Supplier-** Advise your production managers and factories of this change.

**Packaging Team-** Please start using the above RN number on all new apparel labeling artwork as soon as possible.

**Labs-** Please add RN number review to protocol and implement the requirement in 120 days on all new test submittals.

Thank you for your partnership.

**QUESTIONS OR COMMENTS:**

contact: Michael O'Connor [mtoconn@wal-mart.com](mailto:mtoconn@wal-mart.com)

	<b>Name:</b> Bottoms Pants PULL ON PANT 235374 <b>Season:</b> Fishman and Tobin Fall 2020 Uniforms Walmart	<b>Division:</b> Fishman and Tobin <b>Date:</b> 01/17/2020 <b>Printed:</b>

**Lab Bulletin**
  
**Adhesive Label Test Method - Apparel – 10.16.2017**

**ATTENTION:** Private Brand Suppliers, Bureau Veritas, Consumer Testing Laboratories, Intertek, WGS Quality Assurance, WGS Raw Materials, Walmart PD, Quality Assurance, Apparel Technical Services and Walmart Designated Packaging Suppliers.

**DATE:** 10.18.2017

**PRIVATE BRAND PRODUCT SUPPLIERS:** Removable Adhesive Label Testing to determine compatibility with your fabric composition is mandatory. This testing is your responsibility to ensure adhesives you designate to the nominated packaging suppliers are compatible with your garments. It should be performed on all adhesive labels on all finished fabric compositions. This will not be added to the normal Walmart test protocol and passing test reports may be requested from you should a problem arise.

**SUBJECT; TEST METHOD:** Removable Adhesive Label Test Method for Fabrics

Our suppliers contact many of you to test label adhesion on Walmart apparel. We are seeing many different test methods being performed on these removable adhesive labels. We want to standardize this method so results are comparable and end results are credible.

Please reference the following basic test method:

- Adhere sample stickers to all fabric substrates using a rolling pressure of 11 lb. (5kg) for 5 cycles
- Environmental chamber settings 122° F (50° C) and 90% humidity
- Apply 10lb. (4.5kg) load to the fabric/label assemblies
- Place samples in chamber for 24 hours total
- Samples to be checked at 12 hours and if fail stop test and continue if pass
- Failure Assessment
  - No residual glue/adhesive can be left on garment
  - No noticeable color change of fabric
  - No damage to the base fabric
- The test should be performed on garment ready fabric that has been through all washes and treatments.

**EFFECTIVE DATE:** 10.18.2017

**QUESTIONS OR COMMENTS:** contact Michael O'Connor  
michael.o'connor@walmart.com

Walmart Apparel Technical Services Team

## Lab Bulletin

### Test Lab Choice Guidelines

**ATTENTION:** Apparel Suppliers, Bureau Veritas, Consumer Testing Laboratories, S&P Technical Engineering Services, Walmart PD, Quality Assurance, and Apparel Technical Services.

**DATE:** 11.30.2017

**SUBJECT:** This is a reminder that once a lab is chosen for apparel testing of a style, you must continue with that same lab for the 12 month period. Please reference the following excerpt from Walmart Apparel Quality Testing Manual:

#### 3.11 Where to Submit MAP, Pre-Production and Production Samples

Suppliers are responsible for submitting samples to the designated testing laboratory. All suppliers, both Domestic and Direct Import, have a choice to submit Fabric and Apparel items to either nominated 3<sup>rd</sup> party laboratory. **However, once a nominated lab is chosen for MAP or Pre-Production testing, all subsequent testing for that item and coordinating items, Production and Retest, must occur in the same facility.**

**EXCEPTION:** Screen Print Suppliers may submit testing to their chosen lab referencing the Nominated Mill Blank report from either designated third party lab.

**SUPPLIERS:** Please distribute this bulletin to your testing teams.

**BV & CTL:** Please do not accept Test Requests for styles that have not followed the above process.

**EFFECTIVE DATE:** 11.30.2017

## Bottoms - Open Presentation Hanging

**1. Place garment in Open presentation.**

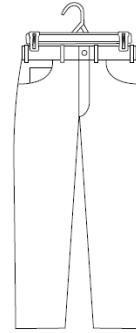

(Prior to hanging, all zippers, hook and eye & buttons should be closed unless otherwise specified.)

**2. Position hanger centered on waistband.**

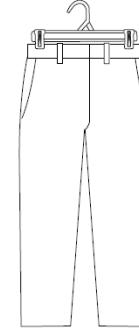

(Adjustments to hanger position may be required if the hanger clips cover product information.)

For larger sized garments, the width may need to extend beyond the hanger, equally on each side. Do not fold garment inward to fit hanger.

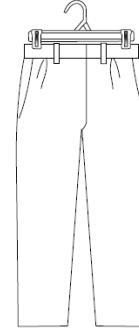

**\*\*\*\*Hanger hook should turn to the wearer's RIGHT when looking at the FRONT of the garment. \*\*\*\***

## SECONDARY HANGTAG PLACEMENT GUIDE

Description: HANGTAG PLACEMENT w/SECONDARY HANGTAG

### FOR USE ON RETAIL ORDERS ONLY

*It is the Merchandise Supplier's responsibility to review all packaging proofs for product specific information. It is strongly recommended they also share proofs with their Buyers and/or Product Development teams to double check all details, as Walmart Packaging and Product Development teams do not receive proofs for every SKU. Merchandise Suppliers are responsible for any applicable reprint charges if they approve proofs with information that is known to be incorrect.*

#### Example of Hangtag Usage:

#### Primary and Secondary Together

Note: When using the secondary hangtag, it must be coupled with a primary packaging format.
